# DOMESTIC CLEANING

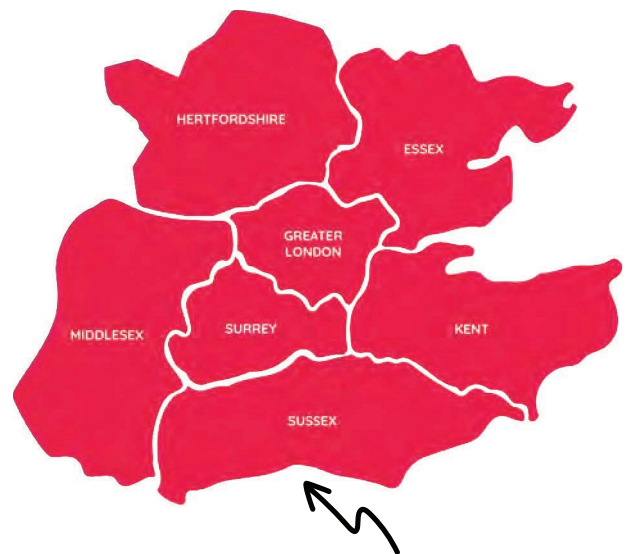

## Why should you clean the Exterior of your Home?

A build-up of moss, algae, lichen dirt or grime not only look's unsightly but also poses a risk of damage to roof tiles and other materials which can result in leaks, structural rot or even roof replacements, which can cost up to 10 times more than a single roof clean.

The safety and cleanliness of your home is our number one priority. We only ever use a low pressure, steam cleaning and soft wash treatments which gently sanitises your roof tiles, driveways etc so it stays free from organic matter for years to come.

- All Our Work Is Guaranteed

## Why should you clean the Exterior of your Business?

Having a Business that looks dirty and grubby is not the look you should be allowing. This affects your customers perception of your business as well as your staff members who work there. A build-up of moss, algae, lichen dirt or grime not only look's unsightly but also poses a risk of damage to your business premises and reputation which can result in leaks, slips and claims, structural rot or even surface replacements, which can cost up to 10 times more than a single clean.

The safety and cleanliness of business grounds is our number one priority. We only ever use a low pressure, steam cleaning and soft wash treatments which gently sanitises surfaces so it stays free from dirt and grime for years to come.
